RED WING NURSERY

E. R. SUNDQUIST, OWNER

1 Mile West on Highway 61

RED WING, MINN.

A complete list of hardy nursery stock
including fruit trees, small f
berries, trees, evergreens, shrubs,
perennials, roses and HOLLAND
GROWN TULIP BULBS.

MAIL ORDERS

We offer a prompt and satisfying mail order service. You are assured of complete satisfaction in our selection of first quality nursery stock to fill your order.

TERMS: Prices quoted are for cash with order.

GUARANTEE

The Red Wing Nursery will replace at one-half the retail price any tree, evergreen, shrub, vine or perennial that fails to grow the first season. We guarantee that all plants will arrive in perfect growing condition. Claims for poor condition on arrival must be made within ten days of receipt of plants. Notification of losses must be made by September 1st of that season.

We will replace free, on proper proof, any Nursery stock that proves untrue to name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

SHADE TREES

Good shade trees properly placed will add much to the value of your property and be a continuous source of comfort and pleasure to you. It is important to plant the type that blends with your surroundings and home, and suited to the soil in your area.

We have a beautiful assortment of trees to fit any location. Larger sizes recommended—it takes many years to grow a full sized tree.

ASH—A tall growing tree, valuable for lawn, boulevard or wood-lot.

4-5 ft.	\$.75
5-6 ft.	1.00
6-8 ft.	1.25
8-10 ft.	1.75

Larger sizes from \$2.50 to \$5.00

BIRCH — Popular white barked ornamental tree.

5-6 ft.	\$1.50
6-8 ft.	1.85

New Patented Roses

First come, first served on our
limited quantity of the following.
Retail prices are set by the Patent
owners.

HORACE McFARLAND

\$2.00 each

An upright growing, vigorous
plant producing an abundance of
large, deep apricot ovoid buds
opening to beautifully formed,
buff-salmon, spicely scented blooms
of 45 petals. A.A.R.S. award for
1945.

MME. CHIANG KAI-SHEK

\$2.00 each

Bud very large, long pointed;
flower unusually large, double (24
to 30 petals), high centered, last-
ing. Empire to lemon-yellow turn-
ing lighter as the blooms mature on
long stem. Vigorous and abundant
bloomer. A.A.R.S. award for 1944.

PEACE

\$2.50 each

Ovoid buds, golden yellow etched
with pink. As they open, color
changes canary yellow to pale gold-
en, to iridescent cream. Petals are
edged with apple-blossom pink
that deepens as the flower slowly
opens to glorious 5-inch blooms.
A.A.R.S. award for 1946.

Tea Roses

We have been fortunate in securing a good selection of large No. 1 Hybrid tea roses. They are the finest, strongest plants obtainable. The supply is not large, so order early.

\$1.25 each or 3 for \$3.50

Apples

(Listed in order of ripening)

5 to 7 ft. \$1.75

4 to 5 ft. \$1.50

10 for \$15.00

10 for \$13.00

Yellow Transparent—Early cooking apple.

Tetofsky—An old variety worth while for both cooking and eating.

Melba—Hardy and blight resistant, good quality.

Anoka—Bears very young, cooking apple.

Duchess—Old variety, always good.

Beacon—Red apple of good quality Duchess type.

Wealthy—Popular variety for quality and productiveness.

McIntosh—Dessert quality, spicy flavor.

Minjon—High quality Minnesota introduction. Good keeper, bears young.

Minnesota No. 638—Early winter apple, exceptional good flavor, good size and color.

Fireside—Highest quality Minnesota apple, equal to Red Delicious as an eating apple, good appearance and good keeper.

Haralson—The leading winter apple in the Northwest. Bears enormous crops of good quality red apples. Good keeper.

Victory—All the good qualities of McIntosh and none of the bad. Better keeper and hangs on the tree until picked.

Northwest Greening—The old favorite for pies and cooking. Very good keeper.

Prairie Spy—Rapidly becoming a favorite in this district, good growing tree bearing large red apples especially fine for baking and cooking. Considered by many as superior to Haralson as a dessert apple.

Perkins—Red apples of good quality and good keeping. Originated at Red Wing.

Dolgo Crab—The finest Jelly crab in existence. Highly ornamental tree, white flowers in spring, brilliant red fruit in fall.

Minnesota No. 240—A crab of unsurpassed quality, large sized, good color, excellent for jelly, pickling and eating. Keeps longer than any crab.

Whitney—The old favorite sweet crab. Must be used before fully ripe.

Plums

5 to 7 ft. \$1.90

4 to 5 ft. \$1.65

Successful plum production depends on adequate cross pollination. Be sure to include one or more recognized pollinating varieties in your planting. The following varieties are pollinators for the list below and bear fruit of good quality: Goff, Kaga, Surprise, Toka.

Ember—Large reddish-yellow plum, high in quality and an exceptional long keeper.

LaCrescent—Yellow canning plum.

Superior—Very large plum, good quality.

Underwood—Large, early plum of outstanding quality.

CHERRY PLUMS

4 to 5 ft. \$1.75

Oka—Very productive dwarf trees. Fruit is dark purple and delicious.

Opata—Very productive, fruit dark purple with green flesh.

Sapa—Enormous crops of deep red fleshed cherries, excellent for jam or canning.

No garden is complete without these easy to grow spring appetite pleasers.

ASPARAGUS

Washington—Heavy yielder, rust resistant. 25 for \$1.25. Enough for the average family.

Paradise—New fast maturing, rust resistant. 25 for \$1.50.

Gem—Bright scarlet fruit, good quality and producers. \$4.00 per 100.

RASPBERRIES

Chief—Early ripening, hardy and disease resistant.

Indian Summer—Two crops in one season. Berries are large and good quality.

Latham—The most popular red raspberry. Large berries. Unsurpassed for home garden or commercial plantings.

Sunrise—Medium sized fruit of high quality. Early ripening and very productive.

\$11.00 per 100

GRAPEVINES

All two year No. 1. With the exception of Beta, the following varieties should be protected for winter. Fredonia and Moore's Early have proven themselves quite hardy in this district but should be covered for the first and second winters.

Beta—Hardy, heavy producer of rather small grapes, good for juice and jelly.

Concord—Popular large blue grape of very high quality.

Caco—Large red grape.

Fredonia—Large blue grape, bears young and heavily, very good quality.

Moore's Early—Large black grape, early, juicy and sweet.

50c each 3 for \$1.35

CURRANTS (2 year No. 1)

Perfection — Heavy producer of large red clusters of fruit.

Red Lake—Very large berries in long well filled bunches. Highest quality.

65c each 3 for \$1.75

FLOWER AND VEGETABLE SEED FROM VAUGHN'S

Vaughan's seed is the highest quality seed that we know of. Nationally known among Florists and Nurserymen, Vaughns have specialized in the high quality seed required by them. This same quality is offered to the home gardener.

PACKAGED SEED ONLY

Bulbs and Tubers

DAHLIAS—We have a very good assortment of show type dahlias. Order by color or mixed, as you desire. Red, pink, white, yellow and autumn shades.

50c — 3 for \$2.00

Memorandum

This image shows a single sheet of off-white or cream-colored paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper has a slightly textured appearance and some minor discoloration or foxing, particularly towards the edges. There is no handwriting or printed text on the page.

LANDSCAPE SERVICE

We expect to have sufficient help to carry on our planting service. Call us for a free estimate of any landscape problem large or small.

MAINTENANCE

We offer a summer service that we feel is much needed in this area. This includes trimming of shrubs and evergreens at the proper time, spraying or dusting when needed to control insect pests and diseases, and extra incidentals necessary to maintain your planting in first class condition. Let us relieve you of worries concerning these problems. The cost will vary according to the amount of labor involved, and materials used. Fertilizing and maintenance of the lawn, except cutting, may be included.

SANI-SOIL

The perfect mulch and soil conditioner. A fluffy material made from the bark of the Redwood Tree. Ideal for maintaining proper moisture conditions in any soil.

25 lb. bag—\$1.45

CERTIFICATE

ON ALL PURCHASES OF NURSERY STOCK
IT IS YOUR GUARANTEE

NO. 696

STATE OF MINNESOTA, Department of Agriculture
Dairy and Food. Division of Nursery Inspection.

St. Paul, Minnesota,.....

CERTIFICATE OF NURSERY INSPECTION

This is to certify the General Nursery stock and the premises of the Red Wing Nursery, Red Wing, Minnesota, have been inspected and found apparently free from dangerously injurious insects and plant diseases, including mosaic and similar virus diseases.

This certificate is void after September 15, 1946

T. L. AAMODT,

State Entomologist

R. A. TROVATTEN,
Commissioner.

that the stock you receive has been inspected by our competent State officials and found to be apparently free from dangerously injurious insect pests and plant diseases. All our nursery stock is inspected by the trained personnel of our State Department of Agriculture, and we are issued this certificate only after it has been determined that our stock meets their standards of pest freedom.

We attach copy of our certificate on all our shipments. Look for it. It is your guarantee backed by our State Department of Agriculture.
